EXPLANATION AND ALTERATION OF TENDER DOCUMENTATION – II.

The Contracting Authority of the over-threshold public contract „**Production and Supply of 50% Cotton Universal Security Paper**“ being awarded in open procedure pursuant to Act No. 134/2016 Coll., On Public Procurement¹, as amended (hereinafter referred to as “Act”), hereby explains the tender documentation in accordance with Sec. 98 and 99 of the Act.

Question No. 1.:

Required parameters of in the technical specification (Annex No. 1.):

CHARACTERISTIC	UNITS	SPECIFICATION	TOLERANCES
Grammage	g/m ²	100	Min 98, max 102
Caliper (Thickness)	µm	120	Min 115, max 125
Absolute humidity	%	6	Min 5,5, max 6,5

Regarding these parameters we can undertake the following parameters:

- Grammage: tolerances about +/-4 mm
- Thickness: tolerances about +/- 10 mm
- Absolute humidity: tolerances about min 5 max 7

Concerning these afore-mentioned parameters could we have a possibility to extend the tolerances?

¹ Please find the English version of the Act under this link: https://portal-vz.cz/wp-content/uploads/2019/06/Zakon-c-134_2016-Sb-o-zadavani-verejnych-zakazek-EN.pdf Please note that unfortunately it is not the final version of the Act, which has been amended afterwards.

Answer to the question No. 1.:

The Contracting Authority has decided to extend the required parameters in the technical specification, which is Annex No. 1 to the Draft Framework Agreement, which is Annex No. 1 to the Tender Documentation, as follows:

- Grammage: tolerances about +/-4 **g/m²**
- Caliper (Thickness): tolerances about +/- 10 **µm**
- Absolute humidity: tolerances about min 5, max 7

The Contracting Authority considers, that the supplier stated incorrect units in his inquiry. Corrected units are marked in red in this answer.

The Contracting Authority attaches an updated technical specification, which is Annex No. 1 to the Draft Framework Agreement, which is Annex No. 1 to the Tender Documentation.

Question No. 2.:

We herewith would kindly like to ask for a filing extension of the submission deadline for the above mentioned tender.

Due to the pandemic it takes longer to obtain all the necessary documents at the moment therefore we would appreciate if you could extend the submission deadline at least to March 19th.

Answer to the question No. 2.:

Due to the alteration of conditions in the Tender Documentation, the limit for tenders submission will be extended by its entire original length, see below.

Annexes:

- 1) Annex No. 1 to the Draft Framework Agreement – „Technical specification_rev”

The Contracting Authority considers the above-mentioned alterations as a case where the scope of possible participants may be extended by the alteration or supplementation of the

procurement documents so the Contracting Authority extends the time limit for tenders submission by its entire original length.

Time limit for the submission of tenders:

- **original time limit for the submission of tenders:** until **03. 03. 2021 9:00 AM**
- **new time limit for the submission of tenders:** until **22. 03. 2021 9:00 AM**
- **opening of tenders:** after the expiry of the limit for the submission of tenders

Kind regards,

Mgr. Zuzana Šenoldová
Head of Public Procurement
for the contracting authority
