## EXPLANATION OF TENDER CONDITIONS

The Contracting Authority of the small – scale public contract „**Supply and service of the laser engraving personalization machine // *Dodávka a servis malého personalizačního stroje***“ being awarded pursuant to Section § 27 of Act No. 134/2016 Coll., On Public Procurement, as amended (hereinafter referred to as “Act”), hereby explains the tender conditions.

<b><u>Question No. 1:</u></b>	<b><u>Answer to the question No. 1:</u></b>
Should the perso machine be equipped with a camera system for precise laser engraving alignment?	It was not requested. If it is not in the basic configuration of your device, do not offer it.
<b><u>Question No. 2:</u></b>	<b><u>Answer to the question No. 2:</u></b>
Should the system be equipped with the function of optical data verification after the laser engraving process?	It was not requested. If it is not in the basic configuration of your device, do not offer it.
<b><u>Question No. 3:</u></b>	<b><u>Answer to the question No. 3:</u></b>
Should the system be equipped with chip encoding function? If so, is contact based or contactless based chip encoding unit or a combined chip encoding unit (contact & contactless) expected?	It was not requested.
<b><u>Question No. 4:</u></b>	<b><u>Answer to the question No. 4:</u></b>
Should auxiliary units like UPS (uninterruptable power supply) or industrial machine table be offered?	It was not requested. Considering that this is a classic desktop device that we will place on a regular working table.

**Conclusion:**

The Contracting Authority does not consider this explanation of tender conditions whose nature would demand extension of the time limit for the tender, since the Contracting Authority does not alter the tender conditions.
