(hereinafter referred to as „Contracting Authority“)

EXPLANATION OF TENDER DOCUMENTATION

The Contracting Authority of the over-threshold public contract called „**Milling and Implanting System of Contact Chip Modules and Fingerprint sensors for ID1 Cards** // *Embedovací systém kontaktních čipových modulů a snímačů otisků prstů pro ID1 karty*“ being awarded in an open procedure pursuant to Act No. 134/2016 Coll., On Public Procurement, as amended (hereinafter referred to as “Act”), hereby explains the tender documentation in accordance with Sec. 98 of the Act.

<u>Question No. 1:</u>	<u>Answer to the question No. 1:</u>
I would like to kindly ask you if the Bidders are allowed to propose modifications in the Draft Contract. If so, please let us know if we may directly insert these modifications into the Draft Contract document (using Word tracking mode) or set up a special table of modifications in a separate document.	The Contracting Authority states that it is possible for participants to propose changes to Annex No. 1 to the Tender Documentation – “Draft Contract”, by sending a request for explanation of Tender Documentation, with the attached document (Draft Contract) with proposals of modifications (by using the above-mentioned Word tracking mode). Please note that this request must be provided to the Contracting Authority before the deadline for tender submission. As stated in the Art. 14.7 of the Tender Documentation, it would provide the Contracting Authority possibility to assess the suggested modification and choose the corresponding course of action (to refuse the suggestion or partially or completely accept it and perhaps extend adequately the time limit for the submissions of tender if needed).

Conclusion:

The Contracting Authority does not consider this explanation as alteration or supplementation of the tender documentation whose nature would demand extension of the time limit for the tender submission in accordance with Sec. 99 (2) of the Act, since the Contracting Authority does not alter the tender conditions.
