EXPLANATION OF TENDER DOCUMENTATION IV.

The Contracting Authority of the over-threshold public contract called „**Milling and Implanting System of Contact Chip Modules and Fingerprint sensors for ID1 Cards** // *Embedovací systém kontaktních čipových modulů a snímačů otisků prstů pro ID1 karty*” being awarded in an open procedure pursuant to Act No. 134/2016 Coll., On Public Procurement, as amended (hereinafter referred to as “Act”), hereby explains the tender documentation in accordance with Sec. 98 of the Act.

<u>Question No. 1:</u>	<u>Answer to the question No. 1:</u>
<p>Annex 1a of the Draft Contract requests the awarded bidder to provide material for the pilot production:</p> <ul style="list-style-type: none"> + 500 functional fingerprint modules + 500 cards for the implementation of the fingerprint modules + 1000 dummy fingerprint modules <p>We understand that the requested modules shall be fully functional and therefore provided from existing customer projects, as they would otherwise not be functional.</p> <p>Since it is NOT possible to provide material from other existing customer projects, we kindly ask STC to delete the above requirement and instead provide the required material for the pilot production by itself.</p> <p>If such provision is not possible for STC, please clarify how the awarded bidder may organize the requested material for the pilot production.</p>	<p>The Contracting Authority states that it is not possible to accept changes to Annex 1a of the Draft Contract.</p> <p>The Contracting Authority clarifies that it was not defined, that the material for the pilot production must be provided from existing customer projects.</p> <p>In the same the Contracting Authority chose this course of action - that the contractors must provide the material - on purpose, in order not to limit the competition and not to limit contractors to a solution which they have no experience, which could limit the number of bidders.</p> <p>The Contracting Authority does not request the awarded bidder for data, the Contracting Authority shall supply the sharp data and fingerprints itself for pilot purposes, which are not needed for the device test, where only the fingerprint sensor is applied, and a check is performed.</p> <p>The Contracting Authority states that the Annex 1a of the Draft Contract remains in its original wording.</p>

Annexes:

Not relevant.

Conclusion:

The Contracting Authority does not consider this explanation as alteration or supplementation of the tender documentation whose nature would demand extension of the time limit for the tender submission in accordance with Sec. 99 (2) of the Act, since the Contracting Authority does not alter the tender conditions.
