CHANGE OF TENDER DOCUMENTATION - I

The Contracting Authority of the public contract called:

Production and delivery of STARCOS 3.7 eIDAS C1 chip modules //

Výroba a dodávky čipových modulů STARCOS 3.7 eIDAS C1

being awarded in in over-threshold regime in an open procedure pursuant to Section 53 of Act No. 134/2016 Coll., on public procurement, as amended (hereinafter referred to as the “Act”) hereby changes the tender documentation in accordance with Sec. 99 of the Act.

Question

We would like to participate at the tender “Production and delivery of STARCOS 3.7 eIDAS C1 chip modules”.

Unfortunately, we have to ask for an extension/postponement of the tender submission date by 1 more week.

The reason is, that our account at the FEN/CCD is not yet verified by the Contractor Identity Verification process. We tried to get this done today via e-mail, but as we don't have a valid qscd device we have to send the documents physically by post and this will probably take 2-3 days until it's in Prag, and then probably another up to 48 hours until it's processed by the FEN CDD support team. Letter will be sent tomorrow. So I think 1 week should be sufficient.

Apologize for this delay – we thought that our E-ZAK account that we still have from the [REDACTED] tender would be sufficient.

Answer

To maximally extended the competition and to avoid unjustified cancelling of the tender procedure, the Contracting Authority has decided to extend the limit for the submission of tenders.

Time limit for the submission of tenders:

- **original time limit for the submission of tenders:** **until 15.03.2024, 09:00 AM**
- **new time limit for the submission of tenders:** **until 22.03.2024, 09:00 AM**
- **opening of tenders:** **without undue delay after deadline for submission of tenders**
