EXPLANATION OF TENDER DOCUMENTATION VI.

The Contracting Authority of the over-threshold public contract called „**Supply of a passport production line including numbering** // *Dodávka pasové linky včetně číslování*“ being awarded in an open procedure pursuant to Act No. 134/2016 Coll., On Public Procurement, as amended (hereinafter referred to as “Act”), hereby explains the tender documentation in accordance with Sec. 98 of the Act.

Questions:

Nr.	Document, Page	Context	Question
1.	Tender Documentation_signed.pdf Page 55/107 Annex 1a DC_General technical specification@.docx Page 3	Point 46 The tolerance for the alignment of individual characters within +/- 0,1 mm	- What is the reference point for the tolerance of the alignment? - The industry standard for impact print tolerance is normally 0,5 - 0,8 mm, could you please increase the tolerance value?

Answers to submitted questions:

Nr.:	Answer of the Contracting Authority:
1.	<p>The Contracting Authority states that the reference point for the tolerance for the alignment of individual character is the first and last character of all characters in a line.</p> <p>We are working in the printing industry, and +/- 0,1 mm is a standard tolerance in the production.</p> <p>Tolerance 0,5 - 0,8 mm by the 2,7 mm height of characters is not acceptable. It is more than ¼ of height of the character. Whole characters must be in one line.</p> <p>It is not possible to increase the tolerance value.</p>

Conclusion:

The Contracting Authority does not consider this explanation as alteration or supplementation of the tender documentation whose nature would demand extension of the time limit for the tender submission in accordance with Sec. 99 (2) of the Act, since the Contracting Authority does not alter the tender conditions.
